Current role	Product Operations Lead at Northstar Tools
Experience	Product operations, customer research, process design, documentation, planning, and facilitation
Technologies	Notion, Airtable, Linear, SQL

I want to work for a company that...

Values calm systems, close customer contact, and practical collaboration across product, operations, support, and sales.

Work experience

Product Operations Lead, Northstar Tools

Mar 2023 - Present

Fictional collaboration software company

Product Operations · B2B · Customer Research · Collaboration

Notion Airtable Linear SQL

- Introduced a weekly customer-feedback review shared by product, support, and sales.
- Consolidated four request trackers into one documented intake workflow.
- Reduced median internal request-triage time from 6 days to 2 days over two quarters.
- Facilitated quarterly planning for a 14-person product and engineering group.
- Defined a shared tagging model for interview notes, support themes, and feature requests, then trained 12 colleagues to use it.

Operations Associate, Common Thread Studio

Jul 2020 - Feb 2023

Fictional digital product studio

Operations · Research Operations · Digital Products

Notion Airtable

- Documented onboarding and delivery workflows for a digital studio.
- Coordinated research scheduling for 18 client discovery projects.
- Built a lightweight project-health dashboard used in weekly leadership reviews.

Education

Westborough University

2017 - 2020

BSc, Information Management

- Studied information systems, organizational knowledge, and service design.

More about me

At work I'm best at...

Turning scattered knowledge and ambiguous processes into a shared system a small team can actually maintain.

Interests

Community learning, independent bookshops, urban walking, and ceramics.

Languages

English (fluent), Mandarin (conversational)
